RE: **Old SR 74 Road Closure in Conjunction with the Aicholtz Rd Connector Project**
Union Township

Dear Commissioners:

Pursuant to Section 5543.17 of the Ohio Revised Code, I have determined that a road closure is necessary on Old SR 74 in conjunction with the Aicholtz Rd Connector Project, and that it is impractical to construct a temporary highway/culvert and that a temporary detour is required.

Therefore, I have scheduled a road closure on Old SR 74 located between the intersections of Mt. Carmel Tobasco Road and Aicholtz Road/Rust Lane. The road will **be closed to through traffic on Monday, 2-6-2017 through Friday, 4-28-2017**. Local traffic will be maintained with these closures. All businesses along Old SR 74 must be accessed from the Mt. Carmel-Tobasco end. The length of detour is approximately 4.83 miles or 25,509 feet.

Old SR 74 between Aicholtz Road/Rust Lane and SR 32 will close permanently on Monday, 2-6-2017.
The Office of the Clermont County Engineer shall notify the Communication Center and other affected agencies. All advanced warning and detour signs will be erected and maintained for this project. **Attached is the recommended detour.**

If I can provide any additional information, please call the Clermont County Engineers Office at (513)732-8857.

Sincerely,

Patrick Manger, P.E., P.S.
Clermont County Engineer
