RE: Aicholtz Road Closure-Roadway Connector project
Union Township

Dear Commissioners:

Pursuant to Section 5543.17 of the Ohio Revised Code, I have determined that a road closure is necessary for the Aicholtz Road Connector project, and that it is impractical to construct a temporary highway/culvert and that a temporary detour is required.

Therefore, I have scheduled a road closure on Aicholtz Road. The closure is located at the intersection of Old SR 74 on Aicholtz Road/Rust Lane. **The road will be closed to through traffic on Tuesday 1-3-2017 through Friday 4-28-2017.** All residents will have access to Aicholtz Road from Eastgate Boulevard. Midas and Hertz will have a temporary driveway on Old SR 74. The length of detour is approximately 2.94 miles or 15,545 feet. The Office of the Clermont County Engineer shall notify the Communication Center and other affected agencies. All advanced warning and detour signs will be erected and maintained for this project. **Attached is the recommended detour.**

If I can provide any additional information, please call the Clermont County Engineers Office at (513)732-8857.

Sincerely,

Patrick Manger, P.E., P.S.
Clermont County Engineer
