Project Description

The Clermont County Transportation Improvement District is requesting Letters of Interest (LOI) from ODOT prequalified consultants for two individual contracts for the CLE CR3 Aicholtz Road Roundabouts:

Contract #1 – Right of Way Acquisition Services

Contract #2 – Appraisal Review and Relocation Review

A consultant cannot perform both appraisal and appraisal review, relocation assistance and relocation review but can apply for both services. Consultants should indicate in their LOI which Contract they are interested in based upon their ODOT prequalification. Consultants are encouraged to indicate their interest in one or more of the services.

The scope of the Right of Way Acquisition Services, Appraisal Review, and Relocation Review is as follows:

The realignment of Aicholtz Road east of Eastgate Square Drive to align with Glen Este Withamsville Road near Larma Lane, construction of three roundabouts (1) Aicholtz with Eastgate Square Drive, (2) realigned Aicholtz with Glen Este Withamsville (south), and (3) realigned Aicholtz with Glen Este Withamsville (north), and plan to Cul-de-sac Old Aicholtz, Larma Lane, and Wuebold Lane

Approximately 39 parcels on 32 unique ownerships which includes 31 parcels with temporary easements(6 parcels are only temporary easements), 2 Sewer easements 4 total takes, 5 parcels with structures involved.

Right of Way Plans can be requested via email to: smscheetz@clermontcountyohio.gov

Estimated Construction Cost: \$7.1 M

Prequalification Requirements

Prequalification requirements for this agreement are listed below. For all prequalification categories other than Cost Accounting - Unlimited the requirement may be met by the prime consultant or a subconsultant.

Also, please note that only individuals (not firms) are prequalified for right of way acquisition and construction inspection. In instances where prequalification for these services is required, a prequalified individual, either employed by the prime consultant or a subconsultant, must be named in order to meet the requirement.

For agreements that require prequalification in Cost Accounting - Unlimited the prime consultant and **all subconsultants that provide engineering and design related services** must be prequalified in this category. Engineering and Design Related Services are defined as follows:

Program management, construction management, feasibility studies, preliminary engineering, design engineering, surveying, mapping, or architectural related services with respect to a highway construction project subject to 23 U.S.C. 112(a) as defined in 23 U.S.C 112(b)(2)(A); and

Professional services of an architectural or engineering nature, as defined by State law (ORC 5526), which are required to or may logically or justifiably be performed or approved by a person licensed, registered, or certified to provide the services with respect to a highway construction project to 23 U.S.C. 112(a) and defined in 40 U.S.C. 1102(2).

Consultant's Past Performance	30	See Note 3, Exhibit 1	
Project Approach	25		
Total	100		

Exhibit 1 - Consultant Selection Rating Form Notes

1. The proposed project manager for each consultant shall be ranked, with the highest ranked project manager receiving the greatest number of points, and lower ranked project managers receiving commensurately lower scores. The rankings and scores should be based on each project manager's experience on similar projects and past performance for the LPA and other agencies. The selection committee may contact ODOT and outside agencies if necessary. Any subfactors identified should be weighed heavily in the differential scoring.

Differential scoring should consider the relative importance of the project manager's role in the success of a given project. The project manager's role in a simple project may be less important than for a complex project, and differential scoring should reflect this, with higher differentials assigned to projects that require a larger role for the project manager.

2. The experience and strength of the assigned staff, including subconsultant staff, should be ranked and scored as noted for Number 1 above, with higher differential scores assigned on more difficult projects. Any subfactors identified in the project notification should be weighed heavily in the differential scoring.

As above, other agencies may be contacted.

3. The consultants' past performance on similar projects shall be ranked and scored on a relative, differential scoring type basis, with the highest ranked consultant receiving a commensurately greater number of points. The selection team should consider ODOT CES performance ratings if available, and consult other agencies as appropriate. The use of CES ratings shall place emphasis on the specific type of services requested.

The differential scoring should consider the complexity of the project and any subfactors identified in the project notification.

4. The consultant's workload and availability of qualified personnel, equipment and facilities shall be ranked and scored on a relative, differential scoring type basis. The scoring shall consider quantifiable concerns regarding the ability of a firm (or firms) rated higher in other categories to complete the work with staff members named in the letter of interest.

Scope of Services

Consultant shall provide property acquisition services in accordance with the Letter of Interest received from said Consultant and will comply with all requirements of the Ohio Department of Transportation, to include the accepted real estate acquisition standards that are in compliance with the Ohio Revised Code, the Federal Uniform Act, and as outlined in the most current version of the Ohio Department of Transportation's Real Estate Policy & Procedures Manual. Applicable provisions of the following documents will be incorporated by reference into this Scope of Service: 1) Ohio Department of Transportation, Office of Real Estate Policy and Procedures Manual (*See link below to ODOT Right of Way Scope Definitions and Task Division Roles and Responsibilities*); 2) The Ohio Revised Code; and 3) The Ohio Administrative Code.
